PROFILE

Junior Full-Stack Web Developer with hands-on experience building Laravel + MySQL web applications and responsive front-end interfaces. Currently building a SaaS reservation platform as a final-year project. Fast learner, team player, and focused on shipping reliable features.

WORK EXPERIENCE

Ecole Professionnelle d'Informatique et de Management (EPIM) — Full-Stack Developer 2024 - 2025

- Built and deployed MVP of a multi-tenant SaaS reservation platform using Laravel & MySQL.
- Implemented owner/admin dashboards, reservation workflows, and customizable form templates.
- Managed deployment and environment configuration; fixed critical bugs during testing.

MedYouIn — Full-Stack Developer (Intern / Project) 2023 - 2024

- Developed backend APIs and relational database structures to support user profiles, posts, and interactions.
- Built responsive UI components and implemented client-side validation to enhance user experience.
- Collaborated with designers to deliver a polished production-ready interface with real-time features.
- Created technical documentation and assisted in deploying the application to shared hosting.

EDUCATION

Diploma in Full-Stack Web Development 2024 - 2025

Ecole Professionnelle d'Informatique et de Management (EPIM), Meknès

Baccalauréat 2021 - 2022

Tarik Ibn Ziad, Meknès

PROJECTS

- SaaS Reservation Platform** – Final year project using Laravel, Livewire, MySQL, Tailwind CSS. Built authentication, reservation logic, dashboards, and handled deployment. https://github.com/NizarHelius/PFE_Appointment.git
- Portfolio Website** – Responsive site showcasing 4 projects; built and deployed. <https://nizarownportfolio.vercel.app/>
